-Our school is a success due to the parents and volunteers of our PTSA and school. PTSA is a key way to support the school. PTSA organizes and supports family events, like tonight's movie night, and supports the staff by helping coordinate volunteers inside and outside of the classroom. Although things are different this year, help is still needed by both school and PTSA. It takes a village and every bit of time, an hour, or an hour a week, helps the board, the school staff and the students. Please consider becoming a PTSA member.
